Our commitment

Dear Parents / Carers,

Intensive Learning Support Program

This program is a government initiative with funds being provided to all schools in all systems. The funding is used to provide small group tuition for students who need it most.

At Warnervale we have already commenced this program. We know that the small group model we use is very successful. We have small group support every day in Literacy and Numeracy rotations, Bump It Up withdrawal groups and our Spelling program.

In this Intensive Learning Support Program we have many students supported in small group tuition up to 3 times a week. Their tuition is being overseen by their class teacher, and led by a School Learning Support Officer. The tuition will focus on core content in Literacy or Numeracy. Your child may come home and tell you about some extra group work that they are involved in.
